OCP Land Use Designation

Proposed: Institutional, within DPA1

Zoning:

Current: Agricultural (A) and Resource Management (MR) Zone (project area is within Agricultural Zoning)

Proposed: Institutional Assembly (P3) Zone

Site Description: Large, forested hillside lot with a small, relatively flat portion on the southeast corner. There is an existing SFD in the flat portion.

Surrounding Uses: North: Crown Land (Hillside)
South: Agricultural / Resource Management
East: IR No. 9 Lukseetsissum
West: Crown Land (Hillside)

DISCUSSION:

1. Seabird Island Holdings Ltd. applied to amend the Official Community Plan designation from Agriculture and Resource Management to Institutional and rezone the property from Agricultural and Resource Management to Institutional Assembly.
2. The current proposal is to convert an existing house to a mixed-use facility (with uses that may include assembly use, dormitory use for a cultural campus, and education facility). Based on discussion with the applicant, traditional agriculture and food practices will be incorporated into the proposed development.
3. The Agricultural Land Commission has confirmed that a non-farm use application is not required if the renovated existing residence does not exceed ALC's maximum floor area.
4. It is unlikely DPA1 guidelines 1 to 6 apply to the current proposal, therefore a Development Permit may not be required if a site specific geotechnical report determines that the site may be used safely for the use intended.

5. Staff reviewed Official Community Plan policies and found no concerns to redesignating the land from Agriculture and Resource Management to Institutional.
6. OCP Resource Management, Policy 7 states, "If future studies show that an area with a Resource Management designation can accommodate a broader range of uses with safe access and without environmental damage, the area may be redesignated through an OCP amendment."
7. The intention of Kent's Institutional Land Use in the OCP is for places that provide a foundation for community life and meet many needs such as educational, spiritual and safety as they contribute to the overall well-being of the community.
8. Kent's Institutional Assembly Zone permits light agriculture.

ENVIRONMENTAL CONSIDERATIONS:

The current proposal is to renovate the existing residence on the property. As the subject property is within DPA1, any future development will be required to meet DPA1 guidelines which may include an environmental impact assessment.

BUDGETARY CONSIDERATIONS:

The applicant is responsible for all cost associated with the Zoning Bylaw and Official Community Plan amendment processes.

POLICY CONSIDERATIONS:

Official Community Plan and Zoning Bylaw amendments will be conducted in accordance with Section 464 of the *Local Government Act* and *District of Kent Development Procedures Bylaw No. 1194, 2001*.

Notices will be mailed to property owners within 100 m of the property no later than 10 days prior to the date of public hearing.

ALTERNATIVES/OPTIONS:

- 1) Staff's recommendation.
- 2) Do not support recommendation.
- 3) Request further information.
