A GUIDE TO BUSINESS LICENCES

This guide is not a legal document, it is intended only to assist you through the Business Licence application process. Following the steps herein does not constitute approval of an application. While every care is taken in the preparation of this brochure, the District of Kent assumes no responsibility or liability with respect to its contents. The public is advised to review the applicable legislation and bylaws and conduct its own inquiries with Development Services staff.

WHEN IS A BUSINESS LICENCE REQUIRED?

A business licence is required by any person or persons who operate a "business", prior to beginning the operation or carrying on of such business. A "business" means carrying on a commercial or industrial undertaking of any kind or nature, or the providing of professional, personal or other services for the purpose of gain or profit.

Please check the uses permitted under the applicable sections of the Zoning Bylaw prior to making any financial commitment to locate or relocate a business. Do not hesitate to contact the District's Development Services department if you need assistance.

APPLICATION STAGE

Mail or deliver your completed application form along with the application fee to the District of Kent for:

- New Business;
- Change of Location;
- Change of Owner;
- Change of Business Name; or
- Change of Business Information.

REVIEW OF THE BUSINESS APPLICATION

Once your business application has been received by the District, the application is checked to ensure conformance to the following details:

New Business

The licence for a "New Business" will be issued only after inspections have been made to ensure the premise is:

- correctly zoned and conforms to Municipal bylaws;
- approved for occupancy by the Building Inspector;
- approved for occupancy by the Local Fire Chief and meets B.C. Fire Code regulations;
- is able to meet all Provincial regulations, if applicable. These may include Ministry of Health and the Liquor Control and Licensing Branch.

Change of Location

An application for a "Change of Location" must be made prior to the move. The new location must meet all the criteria required for a "New Business". A new licence must be approved and issued before opening for business. An administration fee of \$25 will apply.

Sale of Business

If the business is sold, a new application for business licence must be made by the new owner and the licence approved and issued prior to opening for business. An administration fee of \$25 will apply.

Renovations or Structural Changes to Premise

If renovations or structural changes are proposed, please contact the Building Inspector prior to making the changes to determine how these will impact Municipal Bylaws, Building Code, Fire Code, Plumbing Code and for occupancy and/or safety.

Signs

A sign permit is required prior to placement of signs.

CAN A BUSINESS BE OPERATED FROM ANYWHERE IN THE DISTRICT?

Not necessarily. The District of Kent, as described in the Zoning Bylaw, is divided into a number of different zones. Each zone has a set of “permitted uses” within it. A business licence may only be approved for a particular location provided the proposed use conforms to the applicable zoning regulations contained in the Zoning Bylaw.

If the proposed use does not conform to the uses permitted within the zone, the licence can only be approved if the business is changed to conform to the uses permitted in the zone. The other option is to make application to rezone the property to a zone that will permit the use.

A business property fronting a controlled access highway may require a Controlled Access Permit from the Ministry of Transportation and Infrastructure.

WHAT CAN I DO IF I AM REFUSED A LICENCE?

If for any reason the business licence is denied, the Municipal Development Staff may consult with, and assist the applicant in further planning to facilitate the start-up of the business operation in accordance with the applicable regulations. This may require establishing the business in an alternative location.

WHAT ARE THE FEES FOR A BUSINESS LICENCE?

A schedule of fees for all persons wishing to conduct business in the District is provided in the District’s Fee and Charges Bylaw. All licence fees must be paid prior to the issuance of the licence.

WHEN DO BUSINESSES GET RENEWAL NOTICES

The licensee who proposes to renew a licence shall submit the annual licence fee to the District Office for processing prior to the expiry of the licence on December 31st. renewed as required annually, whether notice is given or not.

Yes, in accordance with the District of Kent Fees and Charges Bylaw, a reduced fee that includes a 10% early payment reduction will be provided if the annual renewal licence fee is paid before December 15th of the year preceding the commencement of the licence period.
